This position is a key role that requires compassionate and collective leadership qualities. Collective leadership means everyone taking responsibility for the success of the organisation as a whole – not just for their own role or work area. You will be required to engage in high levels of dialogue, debate, and discussion to achieve shared understanding about relevant service and organisational challenges across Havencare, to contribute to finding the right solutions.

Essential Person Criteria

a. Demonstrable attributes

Refer to attributes above.

b. Relevant Experience

Managing and developing others; supporting people with learning disabilities and autism; delivery of positive behaviour support, safeguarding people, performing to high standards in a CQC regulated environment.

c. Qualifications

Recognised relevant professional qualification or equivalent (e.g. nursing / social care / management/team leading). Lv.2 or equivalent in functional skills (numeracy & literacy).

Role Brief: Practice Leader (PL)

2023

Accountability in Role

1. Practice Leadership

2. Lead, manage and develop people

3. Co-produce services, developing and maintaining professional relationships with support networks

4. Support wider organisational risks, priorities, development, and projects

You will work on-shift, leading your team in outstanding practice. You will lead the principles of “nothing about me without me”, ensuring the supported person’s voice is heard and they are leading, or are involved in any way possible, in their support planning, delivery and review.

You will provide **Practice Leadership** in Positive Behaviour Support (PBS), including trauma-informed approaches. This includes but not exclusively:

- role-modelling and leading safe, caring, responsive, effective, and well-led services.
- planning, doing, monitoring, recording, and reviewing support, ensuring it always reflects the needs and wants of the supported person(s).
- planning, monitoring, reviewing and leading person-centred action on changes in:
 - o ↑ Quality of Life, ↑ Skill Development, ↓ Distressed Behaviour, ↓ Use of restrictive practices.
- Using principles of “PDCA”: Plan > Do > Check > Act in a continuous cycle; monitoring both actively (*e.g. observations*) and reactively (*e.g. incidents*)
- being curious about the functions (*reasons*) of distressed behaviours and how they may relate to previous trauma; investigating to understand how to plan and lead support in the least restrictive manner.
- leading the principles of “just enough support”. This includes skills teaching, active support, coproduction, and engagement in person-centred thinking, evolving the services around the people being supported.
- creating a capable environment where the person being supported, and their team, can thrive and have choices and opportunities that enable people to reach their potential and direct their own lives.
- maintaining every person’s right to privacy, self-determination, choice, dignity, and respect.
- facilitating positive risk taking with an outcomes-focused (personal goals) approach.
- continuous self-directed personal development in the latest best-practice thinking and application and cascading your learning to your teams.

You will **lead, manage, and develop people** including:

- leading your team in line with Havencare’s values: Transparency, Quality, Engagement.
- leading your team in the principles of Havencare’s People Strategy.
- interviewing, inducting, managing, and engaging your team with compassionate leadership.
- ensuring training and policies and procedures are applied in practice by you and your team.
- undertaking regular quality supervisions, appraisals, debriefs, team meetings and informal performance conversations with compassionate radical candour.
- manage the rota, with person-matched creative scheduling, arranging cover for absences, ensuring clocking, and timesheets are accurate for pay.
- leading staff observations (positive monitoring) and regular competency assessments.

You will **co-produce services, developing and maintaining professional relationships with support networks**:

- leading the principles of “nothing about me without me” and the REACH standards.
- working in partnership with multi-disciplinary teams, including, but not exclusively: Social Workers, GPs, OTs, SaLT, Community Health Teams including Behavioural Practitioners.
- working collaboratively with wider networks of support (including families and advocates).
- breaking down barriers and imbalances by understanding other perspectives.
- ensuring services exceed regulatory (CQC) and contractual compliance.

You will be a proud part of Havencare’s Leadership and keen to support people and priorities that may not fall within your day-to-day remit. You will **support wider organisational risks, priorities, development, and projects**, including:

- actively promoting Havencare internally and externally.
- supporting your colleagues in other services and seeking their support in return.
- supporting and mentoring new people, teams, and Practice Leaders as Havencare reaches more people.
